

## “Warm Hearts Warming Hands”

The Yevgeny Girel Orphan's Foundation (YGOF) works to provide hope and help for the estimated 600,000 Russian children living in orphanages. Founded by adoptive parents, YGOF is a non-profit group that helps to improve the lives of orphaned children. Our current project is called “Warm Hearts Warming Hands”. We fill duffle bags with a variety of new clothing for children up to 5 years of age. Adoptive families traveling to Russia deliver the clothing to the orphanages. The duffels are returned to us and are re-packed with donations for our next traveling family. The proceeds from this fashion show, and your generosity, will allow us to warm a few more little hands.

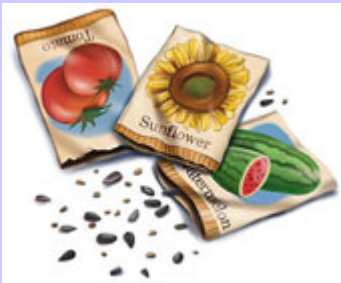

YGOF is a non-profit organization under IRS code 501(c)(3). It is a charitable organization whose purpose is to improve the lives and living conditions of children living in the Russian orphanage system, and to assist young adults who were not adopted as they prepare to live independently. More information about this foundation can be found at [www.ygof.org](http://www.ygof.org). Since our inception in 2004, we have raised over \$200,000 to support our efforts.

Most of us know a family formed through the wonderful process of international adoption; however, the number of parentless children remaining in the Russian orphanage system is staggering. In an attempt to improve the quality of life for these children, the Yevgeny Girel Orphans Foundation has adopted the motto...

**Providing Help for Today  
and Hope for Tomorrow**
